• WHO ARE WE ?

The family Spiridon believes that all projects and ideas could be materialized. We are convinced that originality and quality are not exclusive and that these are two key elements when designing your interiors. That is why we offer a wide range of lightings and the possibility to produce your own personalized chandeliers.

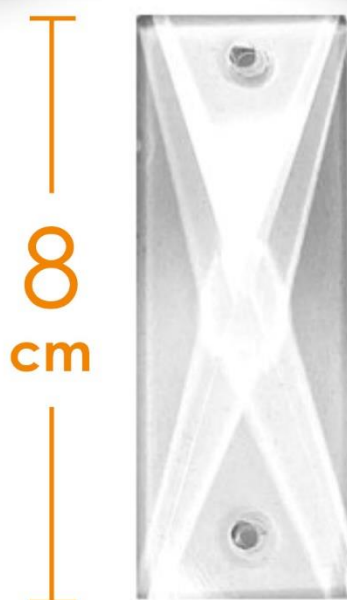

In addition to the collection displayed, any of our model can be modified upon your request. Helped by young designers, our team supports you for any tailor-made product and will guide you through all the step of the creation. Moreover, we offer to the architects and to our professional partner all the help they are needing to make their project a success.

Constantly looking for a perfect consumer experience, we engage ourselves to require from our workshop a dedicated work. Thanks to an exigent selection of our raw materials, the quality of the artisanal manufacture of our products is guaranteed. Our close relationship with our partners allows us to answer quickly to any of your specific needs.

About ADN...

Compose your own light sequence with our incredible family of **ADN** luminaires. Sober and refined, the straight or convex crystal module allows a multitude of combinations by layering and alignment, giving free rein to your unlimited imagination.

Create and sequence your row of **ADN** luminaires as you wish and thus display the sequential identity of your interior.

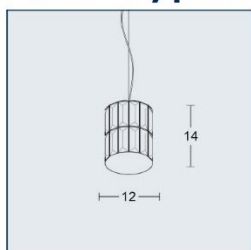

The **ADN** family of luminaires is made up of modules of glass crystals fixed on a stackable cylindrical structure in nickel-plated metal available in 4 finishes.
