## • WHO ARE WE ?

The family Spiridon believes that all projects and ideas could be materialized. We are convinced that originality and quality are not exclusive and that these are two key elements when designing your interiors. That is why we offer a wide range of lightings and the possibility to produce your own personalized chandeliers.

In addition to the collection displayed, any of our model can be modified upon your request. Helped by young designers, our team supports you for any tailor-made product and will guide you through all the step of the creation. Moreover, we offer to the architects and to our professional partner all the help they are needing to make their project a success.

Constantly looking for a perfect consumer experience, we engage ourselves to require from our workshop a dedicated work. Thanks to an exigent selection of our raw materials, the quality of the artisanal manufacture of our products is guaranteed. Our close relationship with our partners allows us to answer quickly to any of your specific needs.

# About MARQUISE...

All the charm of the baroque united in a single family of lighting! With MARQUISE, immerse yourself in the refinement of times when elegance was an art of living; in this family of products, all the glass beads that make up the lights are delicately faceted, then arranged in impressive lines in a way that pearls enhance their sparkles.

All of this, combined with the characteristic curved shapes of this style, definitely creates an exquisite impression of voluptuousness, fineness and delicate luxury.

WITH

WITHOUT

The main characteristic of our family of **MARQUISE** luminaires is that it consists of faceted glass marbles fixed on a nickel-plated metal structure covered or not by glass beads.

All models of the **MARQUISE** family are available with color **WB** (White Brilliant)
